Education

2018-2020	**Graduate engineering school**, *ENSTA Paris (École Nationale Supérieure des Techniques Avancées)*, near Paris, One of the top French engineering schools.
	— **Major :** Information and Communication Science and Technology
	— **Minor :** Cyber Security and Software
2016-2018	**Preparatory classes**, *Pierre de Fermat High school*, Toulouse. Two years of intensive preparation in science for a national competitive exam
2016	**Baccalaureate**, *Théophile Gautier High school*, Tarbes. First class honours scientific High School diploma, major in math, English-language European section

Work experience

2019-2020	**Junior enterprise**, *ENSTA Paris*. I carried out full-stack web development for the junior enterprise.
August 2019	**Industrial placement**, *DAHER SOCATA*, Tarbes, France. I worked on the Final Assembly Line of the TBM 900, a single engine turboprop aircraft

Language skills

French	Native speaker
English	Proficient User C1
German	Basic communication skills A2-B1

Computer skills

Tools	Linux, Visual Studio Code, Git
Languages	C, C++, Python, MATLAB, OpenCL, CUDA, MPI, SQL

Miscellaneous

IT	Active member and treasurer of "DaTA", the IT student union of the school. I take part in coding Dojo, computing challenges held by startups.
Sport	I practice high level fencing (three times Team French Champion) and I manage to reconcile sport and studies (I placed second at Challenge X-Systra in 2019, an international student competition)
